What is HKD?

Healthy Kids Dental (HKD) is a dental benefit for Medicaid-eligible children. It covers dental services such as X-rays, cleanings, fillings, root canals, tooth extractions and dentures. Beneficiaries receive treatment from dentists who participate with Delta Dental's HKD program, which includes approximately 80% of Michigan dentists.

Delta Dental has teamed up with the Michigan Department of Health and Human Services to provide Healthy Kids Dental for children up to age 21.
